Subject: Springfield Lake, NS

Shalom,

I am wondering if you might provide me with access/file copy of all data you might have for Springfiled Lake, Middle/Upper Sackville, NS. I live on the lake and there will soon be a community meeting regarding it's status and future and I'd like to help inform the community. My background is in limnology, though now involved mostly in oceanography, but I think I might be able in time to get a bit of a monitoring programme going on the lake. So, if you can help me/us out I'd be very grateful.

cheers
c.t.
